

Content Safety and Photobucket

Photobucket is the world's largest personal media site, where **millions of people** create, manage and share their digital lives.

At Photobucket, we are committed to a safe content space for our users, advertisers and sponsors. To that end, we combine industry leading technology with a workforce of human reviewers to look at each and every new piece of content that is posted to our site. That's millions of new uploads monitored every day. If inappropriate content is found, it is removed, flagged and, if required, reported to the appropriate authorities.

Terms of Service Summary

We combine our 24/7 monitoring with a strict Terms of Service. The following content is prohibited on the Photobucket site:

1. Content that is protected under copyright or confidentiality agreements.
2. Content that is unlawful, obscene, harmful, threatening, harassing, defamatory, or hateful, or that contains objects or symbols of hate, invades the privacy of any third party, contains nudity or pornography (including without limitation any child pornography or child erotica), is deceptive, threatening, abusive, inciting to unlawful action, defamatory, libelous, vulgar or violent, or constitutes hate speech, or is otherwise objectionable in the opinion of Photobucket.
3. Content that includes code that is hidden or otherwise surreptitiously contained within the images, audio or video of any Content that is unrelated to the immediate, aesthetic nature of the Content;
4. Content that is in any way related to unsolicited or unauthorized advertising, promotional, chain letters of any other related schemes.

For more details on prohibited content, see Terms of Service: <http://photobucket.com/terms.php>
